

War

**We have had enough of war !
We have had enough of dead
people !**

**We have had enough of arms !
We have had enough of blood !**

**We must open the door of peace...
We must open the door of peace...**

**We must stop the atomic bomb !
We must stop terrorists !
We must stop mines !
We must stop colonies !**

**We must open the door of peace...
We must open the door of peace !**

**We must unite for peace,
we must talk for peace,
we must do something for peace !**

Hell !

It's hell, it's hell in my life
Because my brother and my little brother make me crazy !

It's hell, it's hell in my life
Because my dog has done some mischief !

It's hell, it's hell in my life
Because my cat mews !

It's hell, it's hell in my life
Because I lose everything !

It's hell, it's hell in my life
Because my TV fell in the bin !

It's hell, it's hell in my life
And it's always like that...

It's hell !
